## EDUCATION

---

### Brigham Young University – Marriott School of Business

Provo, UT

*Bachelor of Science in Information Systems*

Apr 2027

- GPA: 3.97 / 4.00 | ACT 33/36
- Recipient of BYU Academic and BYU Management Society scholarships
- Active member of Association of Information Systems

## EXPERIENCE

---

### Auxiliaries and Programs (*IT support for BYU laundry, Dining, Print, Mail, Floral, and Vending*)

Provo, UT

*Solutions Engineer*

Aug 2025 – Present

- Built **automated Azure Data Factory pipeline** to migrate offsite database to local servers with Daily refreshes, ensuring reliable access to critical data
- Leveraged Informatica Cloud Services to **ingest, centralize, and transform data** for end users, enabling bulk discount optimization and reducing company expenses
- Implemented centralized Help Desk system using **Alias forwarding, Power Automate, and Wrike Project Management API** to streamline problem analysis and tracking

### Simplicity Group Holdings (*Provider of wealth management and insurance solutions*)

Summit, NJ

*Junior Software Developer*

Apr 2025 – Aug 2025

- **Digitized** complex annuity applications by analyzing 100+ interdependent carrier documents and converting them into **dynamic electronic forms**, reducing completion time from 2 hours to 20 minutes
- Tested and fixed proprietary application UI/UX (**TypeScript**), identifying conditional logic gaps and improving end-user experience for financial advisors and carriers
- Mapped customer input to carrier-specific PDFs and XML outputs using **Acrobat and Laravel Nova**, ensuring regulatory compliance across 6 major carrier platforms, driving \$13M annual revenue

### L&L Accelerator (*startup AI voicemail company for blue collar workers*)

Provo, UT

*Project Manager / Technology Intern*

Dec 2024 - Apr 2025

- Created front end / UI for full stack apps using **AI-assisted tools** (lovable/Supabase), streamlining development and enhancing efficiency for multiple projects
- Managed team of 5 interns using a **Gantt chart** and weekly meetings, ensuring timely project completion of 19 projects through task scheduling and progress tracking for the entire team
- Assisted in overhauling the client onboarding process, automating it using **Webhooks, HTTPS requests, and automation software N8N**, as well as giving feedback and recommendations to the CEO

## LEADERSHIP & SERVICE

---

### The Church of Jesus Christ of Latter-day Saints

Santiago, Chile

*Volunteer Representative*

Jun 2022 - Jun 2024

- Served as the administrative, travel, and legal secretary for 10 months scheduling missionary activities, coordinating flight and bus routes, and ensuring legal entry and exit of over 200 missionaries
- Served in leadership positions over multiple boroughs in Santiago leading over 60 volunteers
